

Libs/ECS/sources/Managers
/EntityManager/EntityManager.hpp

```
graph TD; A["Libs/ECS/sources/Managers  
/EntityManager/EntityManager.hpp"] --> B["vector"]; A --> C["cinttypes"]; A --> D["memory"]; A --> E["list"];
```

The diagram illustrates the dependencies of the file `Libs/ECS/sources/Managers/EntityManager/EntityManager.hpp`. It features a central grey box at the top containing the file path. Four blue arrows originate from the bottom of this box and point to four separate white boxes below, each representing a dependency: `vector`, `cinttypes`, `memory`, and `list`.

vector

cinttypes

memory

list
